The Edward Thorp Gallery will present a group exhibition based on the concept of time. This exhibit will address this theme in a variety of mediums including painting, drawing, prints, photography, and decorative arts. Approximately 40 works will be presented.

The variety of works reveals the potential for art to profoundly adjust our psychological engagement with the concept of time. The exhibition looks at how time is used—as form, content, and medium within various artistic pursuits—exploring this dialogue with objects by artists and artisans from a wide historical range that employ unorthodox and distinctive approaches.

Artists to be included are Marcel Duchamp, Harold Edgerton, Piero Fornasetti, Philip Guston, Duane Michals, Eadweard Muybridge, Man Ray, Paul Strand, Ed Ruscha, Albert York, as well as many anonymous.

Gallery hours 11am to 6pm, Tuesday through Saturday. email:edwardthorpgallery@gmail.com.
